Dear Students,

After the Examination Period (30.6.2018.) we will close the 2017/2018 Spring Semester soon in NEPTUN.

Check your Semester Results

According to the Education and exam regulation, we would like to ask You to check your grades and signs to your registered subjects in NEPTUN until the Registration for subject (on the 27th August 2018., 06:00 AM). If you see, everything is all right, you do not have further roles.

If you found some mistake or shortcoming, please contact the responsible Department, the Professor and the Registrar’s Office/International Office with this issue.

In Your curriculum your subjects are built on each other with requirement, so Your signs and grades in NEPTUN are granting your uninterrupted forward studies.

Please, follow regularly your student surface in NEPTUN.
